ANBI Requirements (01.01.14)

Trade Name: Stichting Health Action International (HAI)

RSIN: 008651310

Address: Overtoom 60/II, 1054HK Amsterdam, Netherlands

HAI Vision: HAI and its partners recognize that poverty and social injustice represent the greatest barriers to sustainable health and development. Together, we work for just and equitable societies where people can participate in making the decisions that affect their health and well-being. Only by achieving sustainable levels of good health can citizens take a full and active role in development.

HAI Mission: HAI supports rational and economic medicines policy and advocates for social justice in health care by improving access to essential medicines and promoting the rational use of medicines.

Goal: HAI is working towards a world where all people, especially those living in poverty, are able to exercise their human right to health. Our goal is to achieve universal and equitable access to affordable essential medicines of assured quality and to ensure that those medicines are used rationally to promote the highest standards of health throughout the world.
